POST-EVENT REPORT

Dr. Steve Jacob, Senior Lecturer in the Department of Orthodontics, led a Basic Communication Skills lecture and interactive session for first-year BDS students, focusing on essential techniques for effective patient interaction in dentistry. Covering verbal and non-verbal communication, active listening, and role-playing exercises, the session provided students with practical tools for their future practice. Dr. Jacob's engaging teaching style and the interactive nature of the role-playing exercises were highlighted as major strengths, with participants expressing increased confidence in their communication abilities. Students left with a deeper understanding of the importance of clear communication in dentistry and practical experience in applying these skills.
