INTRODUCTION:

Mahe Institute of dental sciences has conducted several programs for providing an inclusive environment. It has taken various initiatives for promoting tolerance and harmony towards cultural, regional, linguistic, communal, socio-economic, and other diversities.

UNIFORM DRESS CODE:

To infuse sense of equity among all the students the institution adopts a practice of a uniform dress code for all students in the campus. The institution has provided a vast environment for students to expose their inborn talents in the cultural events yearly and to improve their mental and concentration levels by engaging them in sports activities on a regular basis

STUDENT ADMISSION:

The institution is a regional meet point of students from different parts of the country and abroad, besides Mahe and Pondicherry. Students from different parts of the state, from different cultural background and language study here.

COMMUNAL HARMONY:

The students are permitted to celebrate the national festivals such as Diwali, Holi, Christmas, Onam, Ramzan and Pongal etc. which provides them a platform to mingle freely forgetting their religion, caste, and creed. Celebrations in the institution such as Teachers' Day, International Women's Day, Fresher's Day, College day, Independence Day and Republic Day provide the opportunity to mingle with each other and work as a team forgetting their differences.

ETHICAL VALUES:

Bio-ethics has been included in the curriculum by the DCI. The institution delivers quality dental education with ethical values through compassionate practice, committed teaching and frequent evaluation. Academic and Clinical forum are conducted to entangle the spirit of learning ethical values.

ANTI-RAGGING:

To promote inclusiveness among the newly joined students ragging has been prohibited. The college environment ensures an anti-ragging zone which is an add-on in building up the confidence and a feeling of safety and familiarity for the students as well as the concerned parents of the newly joined students.

STUDENT CELL MINDS NEST

The college has a ^{MINDS NEST} student cell where in all the details of every student is stored. In case of any conflict occurs between students due to any differences student cell intervenes and resolves the issue through mentoring.

MINDS NEST

SERVICE TO THE ECONOMICALLY UNDER PRIVILEGED:

Regular camps are being conducted at rural places to make sure the under privileged, in the region in and around Mahe, are benefitted with the required dental treatment. Every year the college conducts awareness camps on importance of oral hygiene, anti-tobacco program and dental awareness at various institutions and schools.

TREATMENT FOR NON-RESIDENT INDIAN:

The institute shows no partiality towards treating non-resident Indians. No partiality is shown against the patients in terms of language, religion, resident status, socio economic background.

EMPLOYEES:

No discrimination or partiality is shown in recruiting and promoting the staff. Staffs speaking various languages, following different religion and belonging to various states are working here.
