POST EVENT REPORT

LEADERSHIP

Date: 23.02.2021

Venue: Lecture Hall 1

Hierarchy is an important element in dental professional learning. A dentist has to perform and rise through the ranking to become a leader. A leader is a person who guides and also is looked upon as a role model. In dentistry hierarchy is taught from the basic level to the highest, as part of soft skill development. In MINDS leadership classes are given to the students to motivate them to excel in their chosen field

A programme was organized in Lecture Hall 1 on 22.02.2021 at 3.00 pm for fourth year students. Dr Prasad Aravind Prof & HOD Dept of Prosthodontics was the chief orator for the day.

POST EVENT REPORT

APPEARANCE MANAGEMENT

Date:06.02.2020

Venue: Lecture Hall IV

Attire and personal grooming are important aspects of personality development. Looks always matter in a professional career graph. Doctors should carry this trait as their primary trademark. Often appearance becomes a matter of choosing one professional over the other. It is important to teach dental students about personal appearance which includes attire, conduct and grooming. Special training classes are conducted for dental students on appearance management.

A programme was organized in lecture hall IV on 05.02.2020 at 3.00 pm for fourth year students. Dr Miriam Mathew (Prof, Dept of Prosthodontics) was the chief orator for the day.

CLIENT HANDLING

Date:24.01.2019

Venue: Lecture Hall IV

In medical profession, the term client refers to your patient. A patient seeks your professional help in solving medical issues. It is paramount that a professional confidence building relationship is developed. For an aspiring dental graduate this training is often through working as an assistant and attending classes on soft skill development. MINDS conducts classes on client handling as part of soft skill development initiatives

A programme was organized in lecture hall IV on 23.01.2019 at 3.00 pm for fourth year students . Dr Madhukiran (Prof ,Dept of Conservative Dentistry and Endodontics) was the chief orator for the day.

PERSONAL GOAL SETTING

Date: 16.02.2018

Venue: Lecture Hall IV

Self motivation and goal setting refers to the power of someone to stay motivated without the influence of other situations and people. Self motivated people always find a way to reason and strength to complete a task. Also they do not need other people to encourage them to perform a challenging task. These points were emphasized by the speaker Dr Murali B M (Prof & HOD of Dept of General Pathology). A programme was organized in lecture hall IV on 15.02.2018 at 3.00 pm for fourth year students .

POST EVENT REPORT

BASIC COMMUNICATION SKILLS

Date: 15.03.2021

Venue: Lecture Hall I

Communication is an integral part of the development of phonetics in human species. The world order that we see and experience today is largely because of effective communication skills. Dentistry is no different in this aspect. A doctor to doctor, doctor to student, doctor to patient is an effective communication channel through which dentistry is practiced and professed. MINDS conducts special training classes on aspiring dental graduates in effective communication skills based on language and interpersonal interaction.

A programme was organized in lecture hall 1 on 12.03.2021 at 3.00 pm. Dr Selvamani M Prof Dept of Oral Pathology was the chief orator for the day. 99 students participated in the lecture and interactive session.

POST EVENT REPORT

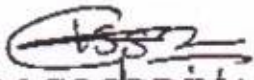

IMPORTANCE OF LANGUAGE IN DENTISTRY

Date:26.11.2019

Venue:Lecture Hall III

Language has played a big part in the survival of mankind. An effective communication is absolutely necessary for the medical profession as a two way interaction between patient and doctor. Patients chief complaint is recorded in the language of choice. A dentist has to acquire multilingual skills depending on the area he operates. We at MINDS conduct language oriented classes for first year students.

A programme was organized in lecture hall III on 22.11.2019 at 3.00 pm. Dr Shankunthala Dept of Oral Medicine & Radiology was the chief orator for the day. 97 students participated in the lecture and interactive session.

INTERPERSONAL INTERACTION

Date:05.12.2018

Venue:Lecture Hall 1

Co-habitation is an important aspect of human nature. When people from diverse backgrounds get together for a common cause, there has to be an effective way of interaction between the co-habitants. Dental profession is also a field where students cohabit each other. Interpersonal communication is an essential way of cohabitating. MINDS conducts special classes for training students in effective interpersonal interaction.

A programme was organized in lecture hall 1 on 03.12.2018 at 3.00 pm for first year students . Dr Anil Melath, Principal Prof & HOD of Dept of Periodontics was the chief orator for the day. 71 students participated in the lecture and interactive session. The speaker stressed the importance of interpersonal communication to the students. Vice principal, Dr Binoy Mathews thanked the speaker for the successful session on communication skills.

POST EVENT REPORT

LANGUAGE BARRIER

Date:20.11.2017

Venue:Lecture Hall 1

Medical profession has borrowed its entire curriculum from the western way of teaching. English language is the medium of choice in dentistry also. A truly multicultural institution has students joining from different language backgrounds. MINDS being geographically located in kerala, an effective communication from with the patients in local language is necessary. So classes are conducted for the aspiring dental students to overcome the language barrier.

A programme was organized in lecture hall 1 on 17.11.2017 at 3.00 pm for first year students. Dr Raj A C Prof & HOD of Dept of Oral Medicine & Radiology was the speaker for the day. 75 students participated in the lecture and interactive session.

YOGA IN DAILY LIFE

2017-18

This course is designed to introduce students, safely and accessibly, to the basic postures, breathing techniques, and relaxation methods of yoga. Students will begin to experience the benefits of stretching, moving, and breathing freely as they relieve built up stress, learn to relax, and ultimately get more out of day to day life.

This course is designed to introduce students, safely and accessibly, to the basic postures, breathing techniques, and relaxation methods of yoga. Students will begin to experience the benefits of stretching, moving, and breathing freely as they relieve built up stress, learn to relax, and ultimately get more out of day-to-day life.

The aim of this course is to promote vibrant health and to tap the body's latent energy reserves.

PROBLEM SOLVING AND DECISION MAKING

Date: 15.03.2020

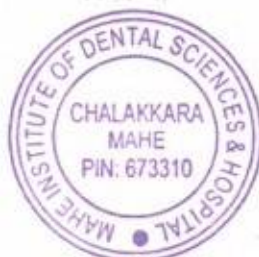

Venue: Lecture Hall III

Medical profession is a big maze of problem solving. A quick decision making in diagnosis and treatment plan saves the day for many patients. An aspiring medical student has to acquire these skills in decision making through an entire learning curve. In dentistry the student has to learn to identify the common ailments and device treatment options best suited for individual patients. In minds we focus on teaching analytical problem solving through lectures and interactive session.

A programme was organized in lecture hall III on 13.03.20 at 3.00 pm for third year students . Dr Prem Sasikumar Dept of Oral & Maxillo Facial Surgery was the chief orator for the day.

POST EVENT REPORT

LOGICAL REASONING SKILL ENHANCEMENT TRAINING

Date: 22.02.17

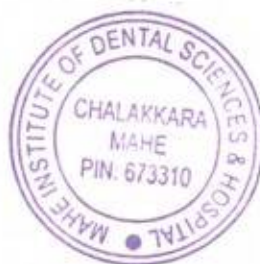

Venue: Lecture Hall IV

Homosapiens became a dominant species in the animal hierarchy due to the enhanced capacity and cognitive recognition. Logical reasoning is a byproduct of cognitive capacity. In medicine, application of scientific principles is based on logical reasoning. These principles are moderated to aspiring dental students through value added skill enhancement learning. In MINDS we conduct special classes for students in logic based scientific reasoning and problem solving.

A programme was organized in lecture hall IV on 21.02.17 at 3.00 pm for fourth year students . Dr George Thomas Prof & HOD of Dept of Conservative Dentistry and Endodontics was the chief orator for the day.

MIND PREPAREDNESS IN DENTISTRY

Date: 5.12.2019

Venue: Lecture Hall III

A Dental teaching institution caters to patients from all walks of life. Even though patient satisfaction is of utmost importance, a dental professional has to tread a fine line in terms of delivering quality. A demanding patient is certainly a challenge to deal with. obligatory compromises has to be made aware of such patients. An aspiring student has to be made aware of such scenarios and taught how to deal with such situation. MINDS conducts motivational classes on mind preparedness.

A programme was organized in lecture hall III on 4.12.2019 at 3.00 pm for third year students. Dr Jithesh Kumar Prof & HOD of Dept of Orthodontics was the chief orator for the day.

POST EVENT REPORT

FLOOD RELIEF FUND

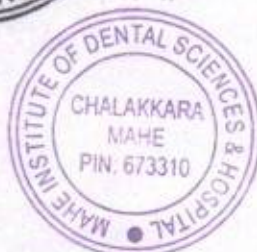

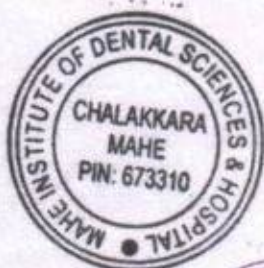

The great floods of 2018 in Kerala due to unusual high rainfall left many homeless and bereaved of their near and dear ones. It is regarded as one of the worst floods that the state has seen in a century.

The **Chief Minister's Distress Relief Fund** is an emergency assistance release mechanism, which grants immediate relief to families and individuals distressed by calamity or loss of life due to other causes.

As a humanitarian gesture and to console the loss of those afflicted by the floods of 2018, the staffs and students of Mahe Institute of Dental Sciences and Hospital, on 24.09.2018 actively took part and contributed, thereby joining hands with the chief minister's distress relief fund.

A total of Rs1,50,000/- was collected in a matter of few days and it was duly send to the Chief Minister's Distress Relief Fund

SECULAR AND MORAL VALUES IN DENTISTRY

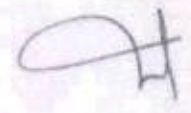

Date: 10.05.2018

Venue: Lecture Hall III

Dentistry is not just about teeth and patients. We teach individuals to be morally and professionally upright. To be morally right one has to uphold secular credentials. An individual has to work without bias and prejudice. Caste, creed and religion should be an impediment to our approach toward patients. We give timely and professional advice to our students on the importance of upholding moral and secular values

A programme was organized in lecture hall III on 9.05.2018 at 3.00 pm for third year students . Dr Seby J Gardens Prof & HOD of Dept of Public Health & Dentistry was the chief orator for the day.

PROFESSIONALISM IN DENTISTRY

Date: 06.08.2021

Venue: Lecture Hall IV

The word professionalism means a way of doing a job that shows great skill and experience. Dentistry is a field which is apt for the term. Through dental education we cover the entire aspects of professionalism such as motivation, dedication, conduct, responsibility, compassion and well being. Students are taught throughout their career in upholding these professional values. Regular and special classes are conducted to train the students to achieve high professionalism.

A programme was organized in Lecture Hall IV on 05.08.2021 at 3.00 pm for fourth year students. Dr George Thomas (Prof & HOD of Dept of Conservative Dentistry and Endodontics) was the chief orator for the day.

CAREER IN PUBLIC HEALTH TRAINING

Date: 23.01.2020

Venue: Lecture Hall IV

A dental professional can take up a career in oral health awareness and community health and well being programmes under dentistry. These are many ailments which affect the oral and cavity including tumours due to habits like tobacco consumption and smoking. A dentist has to be well trained to identify these conditions and to create awareness among the general population about the ill affects of these habits. An aspiring dental student can choose a career in public health dentistry. At MINDS we conduct special coaching and awareness classes in association with schools and social organization to train the students adequately in the field of public health

A programme was organized in lecture hall IV on 22.01.2020 at 3.00 pm for fourth year students. Dr Seby J Gardens (Prof & HOD of Dept of Public Health Dentistry) was the chief orator for the day.

POST EVENT REPORT

TEACHING OPPORTUNITIES IN DENTISTRY

Date: 10.05.2019

Venue: Lecture Hall IV

A Career in teaching dentistry is a good option for an aspiring post graduate student In dentistry. Dentistry offers post graduation in any of its nine specialities. As more and more dental colleges are setup throughout the country, the need for teaching professionals also go up. A post graduate student has to be adequately trained in all aspects of professional handling of students including taking lectures and practical sessions. MINDS conducts special coaching classes for post graduate students to adequately train them to take up teaching jobs in dental colleges.

A programme was organized in lecture hall IV on 9.05.2019 at 3.00 pm for Post Graduate students. Dr Ajoy Vijayan (Prof & HOD of Dept of Oral & MaxilloFacial Surgery) was the chief orator for the day.

STRESS MANAGEMENT

Date: 27.01.2018

Venue: Lecture Hall IV

Managing stress level is a key function in the overall well being of an individual. An aspiring professional dental student goes through high stress levels during the entire period of studying in a dental college. There are many students who for varying reasons fail to adequately manage stress levels. It is the duty of every institution through its experienced faculty to help the students to overcome the challenges in their learning period. MINDS conducts special sessions by motivated professionals to address the problem of stress. Stress management classes are conducted for the benefit of students

A programme was organized in lecture hall IV on 26.01.2018 at 3.00 pm for fourth year students. Dr Selvamani(Dept of Oral Pathology) was the chief orator for the day.

PHOTOGRAPHY IN DENTISTRY

Date: 20.03.2021

Venue: Lecture Hall IV

A programme was organized in Lecture Hall IV on 19.03.2021 at 3.00 pm for Interns & Post Graduate students. Dr Saicharan (Dept of Conservative Dentistry and Endodontics) was the chief orator for the day. Clinicians can choose from multiple systems for dental photography that will work well for most practices. However the digital single lens reflex (DSLR) camera is the most ideally suited for practices that wish to use photography for documentation for lectures or publications. The session helped the students to know about the basics skills in photography .

POST EVENT REPORT
WORK LIFE BALANCE

Date: 16.11.2019

Venue: Lecture Hall IV

Work life balance is the state of equilibrium where a person equally prioritizes the demands of one's personal life. A programme was conducted in lecture hall IV on 15.11.2019 at 3.00 pm for interns and Post Graduate students. Dr Bastian (Prof & HOD of Dept of Oral Pathology) was the chief orator for the day.

Maintaining a healthy work- life balance is not only important for health and relationships, but it can also improve the productivity and ultimately performance. Special classes are conducted for the benefit of aspiring dental professionals who may want to seek positive effects and a greater sense of well-being.

POST EVENT REPORT

JOB OPPORTUNITIES OUTSIDE INDIA

Date: 15.12.2017

Venue: Lecture Hall IV

India as a vast nation offers great opportunities for budding professionals in the field of medicine. Unfortunately these offers are very limited considering the population ratio. Even though thousands of dental students graduate every year, there is very little employability offers or job opportunities in the public and private sector. In recent times, dental graduates are forced to look for higher studies opportunities or seek job opportunities outside India. we at MINDS understand this predicament well and train our students adequately to cope with the pressures of seeking good job opportunities abroad. Special classes are conducted for the benefit of aspiring dental professionals who may want to seek foreign jobs.

A programme was organized in lecture hall IV on 14.12.2017 at 3.00 pm for Interns & Post Graduate students. Dr Jeena Sebastian (Prof & HOD of Dept of Oral Medicine & Radiology) was the chief orator for the day.

POST EVENT REPORT

SETTING UP OF DENTAL CLINICS

Date: 24.11.2016

Venue: Lecture Hall IV

Dentistry is not just a humanitarian service to the needy , but also an avenue to make a living for the dental professional. A dentist has to develop his or her practice by setting up of dental clinics. An aspiring dental graduate has to learn the art of running a professional clinic through training, working under experienced dentists or through trial and error methods. We at MINDS offer our students the requisite training to setup and run professional clinics through a series of lectures. Experienced clinical faculty guide the students in all aspects of professional development

A programme was organized in lecture hall IV on 23.11.2016 at 3.00 pm for Interns & Post Graduate students. Dr Rena Ephraim (Prof & HOD of Dept of Pedodontics) and Endodontics was the chief orator for the day.
