

## **INTERNATIONAL STUDENTS CELL**

The International Student Cell at the institution focuses on supporting international students throughout their academic journey. Guided by a Mentor, it comprises the institution's head, Principal, Vice Principal, and other faculties. Their objectives revolve around student welfare, fostering relationships, global talent attraction, and connecting students to the institute's environment.

Activities include orientation programs for new students, academic performance monitoring communicated to guardians, visa assistance, social and cultural adjustment support, language tutorials, and counseling for social issues. The cell facilitates social interaction among international students to promote idea exchange. It also encourages participation in cultural activities, sports, fine arts, , aiming to develop students' innate skills beyond academics.

The cell's proactive approach ensures international students' well-being, academic success, and integration within the institute's community, contributing to both the students' experience and the institution's global recognition.
