PROGRAM REPORT

The Department of prosthodontics MINDS conducted CDE program with hands - on workshop on the topic "That thin sheet of porcelain" A day with veneers on 24/3/23. Dr. M Shyam Mohan, Professor, PMS institute of Dental college and hospital TVM was the resource person.

We had 86 registrations with 38 hands on participants combined from various dental colleges and from our institute. The program was graced with many numbers of faculties from various departments. Program was inaugurated by a prayer followed by lighting the lamp.

The program was a grand success with overwhelming responses for the elaborate presentation and indepth enlightening on the topic. A well-organized hands-on was conducted after a sumptuous lunch for the participants. A memento was presented to the resource person as a token of gratitude by the department of prosthodontics.

PROGRAMME REPORT

To
The Chairperson,
CDE Committee

From
Dr Bastian TS
Prof. & Head
Dept. of Oral Pathology & Microbiology

The workshop series titled "ODONTO IDENTIFICATION 1.0" in association with "Oral Pathologist Day," conducted by the Department of Oral Pathology & Microbiology on February 24th, 2023, was a great success. The program commenced at 9 a.m. with registration, followed by a welcome address by Dr. Bastian T.S. Dr. Anil Melath inaugurated the function by lighting the lamp and presented certificates of appreciation to the guest speakers, the toppers in oral pathology in 2021-22 batch. Dr. Anil Melath honored Dr. Selvamani M. for his contribution to the department of oral pathology.

During the workshop session, Dr. SRIKANT N and Dr. NIDHIN PHILIP JOSE explained "Forensic Odontology" in detail, including techniques for age estimation and bite mark analysis. The students enjoyed the workshop and cooperated well with the program. An interactive session followed the workshop.

The program concluded at 3:30 p.m. with a vote of thanks by Dr. Sphana H.S. Certificates were distributed to the participants after the final session, and random feedback was collected from the participants.

CDE Programme-IN OFFICE ALIGNER WORKSHOP-Dec 5th-6th, 2022

REPORT

Dept of Orthodontics, Mahe Dental college, conducted a CDE workshop on in-office aligner setup on Dec 5th- 6th at Navatara auditorium. Resource person for the event were Dr Balaji Krishnan, HOD and Professor, Dept of Orthodontics, Tagore Dental College and Dr Parameswaran TM, Assistant Professor, Tagore Dental College, Chennai.

On the first day, the inaugural function commenced with lighting of the lamp and welcoming of guest speakers by the HOD, Dr Jithesh Kumar.

Our Principal, Dr Anil Melath addressed the gathering. An introduction of the guest speakers was given by Dr Panchami Marish. The vote of thanks was delivered by Dr Aswin. A total of 16 participants attended the programme.

The first day of the programme started with an introduction class on clear aligners by Dr Balaji Krishnan. Afternoon session of the class was continued by Dr Parameswaran TM.

On the second day, lecture class by Dr Parameswaran was followed by hands on demo on intraoral scanning. This session was followed by a demonstration of 3D printing, forming and sectioning of aligner trays.

The programme was concluded by acknowledgement of the speakers by handing over the certificate of appreciation and memento. The participants were also awarded with certificates.

The programme was a huge success and was well appreciated by the participants. Feedback forms were collected from the participants.

MAHE INSTITUTE OF DENTAL SCIENCES & HOSPITAL
DEPARTMENT OF PERIODONTICS
WORLD HEART DAY

PROGRAM REPORT

World Heart day program was organized and conducted by the Department of Periodontics, Mahe institute of dental sciences and hospital under the banner of Indian Society of Periodontics (ISP) on 29-9-22. The following programs were organized in the department.

Demonstration of Basic Life Support (BLS) was given by Dr Mahesh Raj, Senior Lecturer of Department of Periodontics to the interns at Navathara from 9.00-10.00am. Theoretical aspect of BLS followed by a demonstration with handson on CPR was given to all the participants. It was an informative and interactive session. There were around 50 participants from the interns batch.

In the department, an awareness lecture on GUM CARE FOR HEART CARE was given to the public by Dr Nanditha Chandran, Senior Lecturer of the department of Periodontics emphasizing the importance of periodontal care in improving the systemic health. Dental kit containing tooth paste sponsored by Indian Society of Periodontics (ISP) was distributed to all the participants. An opportunity was given to the patients to clarify their doubts related to dental and systemic health. There was an active participation from the patients and they have given a positive feedback for the program. During the session the basic details including the general health status of all the patients were recorded in the case history record form provided as part of the World Heart day and blood pressure was monitored for patients giving a medical history of hypertension. The program concluded by around 1.00pm.

PROGRAMME REPORT

To,

The Chairperson,
CDE Committee

From,

Dr. George Thomas
Professor & Head
Department of Conservative dentistry and Endodontics
MINDS, Mahe

The CDE program on topic "Mission with vision an advanced workshop on Micro Endodontics" was conducted by the Department of Conservative dentistry and Endodontics on 05th and 06th August 2022 was a great success. The program started at 9 am with registration. The CDE programme was inaugurated by Dr. Anil Melath by lighting the lamp. The speaker Dr. Praveen Rajesh explained in detail about a new technology of operating microscope that allows the root canal specialist to see the many details that are vital in endodontic treatment. The attention to detail and precision that is required in endodontic procedures is much helped by the use of these modern dental microscopes. After the tea break, started with the second session, the speaker gave a detailed lecture on finding hidden and accessory canals, locating and removing separated instruments, preserving more tooth structure, improving ergonomics for the clinician.

On the second day, hands on workshop conducted for the participants using operating microscope. And the programme wound up at 2:00pm. Certificate for the participants were distributed after the final session and random feedback were collected from the participants.

Total No of participants: 30
