37th Annual Report 2022-23

AFFILIATED COLLEGES

Introduction:

Mahe Institute of Dental Sciences, MINDS, located in Mahe (Mayyazhi), is a distinguished educational institution, focusing to revolutionize the way dentistry knowledge is imparted. Mahe is a charming town situated on the banks of the Mayyazhi River, known as the "Eyebrow of the Arabian Sea," due to its location on the estuary between the river and the sea.

Mahe is a thriving tourist destination renowned for its abundance of French architecture, art, and culture. The institute takes pride in offering a holistic approach to dental education, aiming to develop skilled and scientific professionals who are equipped for the future of dentistry.

MINDS is part of the Mahe Educational and Charitable NRI Trust, founded by a group of successful individuals in their respective domains who share a common vision for education.

MINDS provides quality education to its students through three key pillars: ensuring access to quality teachers, providing the use of premium learning tools, and nurturing professional development. It provides students with a comprehensive understanding of the future of dentistry, filled with possibilities, opportunities, and fulfillment.

With a holistic approach to education, MINDS is confident in nurturing professionals who possess not only academic excellence but also a humane and compassionate mindset.

Thrust Areas: Quality Dental Education and Treatment

- Research and analysis among students and faculties

Principal/Dean/Director : Dr. Anil Melath, Principal, Professor & HOD

Faculty Members:
